

PROTEX®

SNOW / BOUNDARY FENCE SF17548L-20P

Protex® Snow / Boundary fence is a heavy duty, highly visible fence made to endure severe weather conditions. It may be used to mark boundaries, delineate avalanche areas and crowd control. Protex® is made from 100% domestic resins and is manufactured in the U.S.A.

Roll Size	4' x 100' / 4' x 50'
Mesh Size	1.75" x 1.5"
Lbs. per roll	20 Lbs
Material	PP/HPDE
Color	Orange / Yellow / Green
Ultra Violet Resistance	Fully Stabilized
Tensile Strength YLD, MD/TD (ASTM-D882)	2813 psi-MD—5127 psi-TD
Tensile Strength, Load BRK , MD/TD (ASTM D882)	2813 psi-MD—4083 psi-TD
Elongation Load BRK , MD/TD (ASTM D882)	4% MD—77%TD

Testing Methods Used: ASTM D882 Provided by: Total Petrochemical USA.
