

PROTEX®

SAFETY/BARRIER FENCE SF1048L-23

Durable, UV Stabilized High Density Polyethylene makes this fence great for crowd control, safety barrier or environmental delineation. It is made with high visibility orange, is long lasting and virtually maintenance free. Works great in all climate conditions.

Roll Size	4' x 100'
Mesh Size	1"x1"
Lbs. per roll	20 Lbs
Material	High Density Polyethylene
Color	High Visibility Orange
Ultra Violet Resistance	Fully Stabilized
Tensile Strength at Yield, MD/TD (ASTM D882)	321 psi MD—338 psi TD
Elongation, at load break, MD/TD (ASTM D882)	51% MD---96% TD

Testing Done by Total Petrochemicals USA, Inc-- Method: ASTM D4882
